

Join Connecticut's network of park professionals today at www.CtParks.org

The **2021 Connecticut Parks Association membership drive** is underway. Membership is open to professional executive and superintendent/supervisory level managers of park systems and related fields, business representatives from the parks and recreation industry, and others who exhibit high interest in and contribute to the mission of the Association.

Since 1958, the CT Parks Association, Inc. promotes access to parks in the state and our communities through development, maintenance, and preservation. The Association encourages communication among park professionals through networking and training sessions that target park management and maintenance. We actively promote favorable legislation for parks and park development on the state and national level. We also support future park management leadership through a scholarship program.
